Education

J.C. Bose University of Science and Technology, Master of Computer Applications Aug 2023 – June 2025
• CGPA: 8.26/10

Maharshi Dayanand University, Bachelor of Computer Applications June 2020 – July 2023
• **Division:** 1st

Experience

Full Stack Developer, Teledgers/Blockcube– Gurugram March 2026 – Present
• Developed full-stack web applications using **React.js/Angular** for the frontend and **Node** for the backend, ensuring scalable and maintainable architecture.
• Built and integrated dynamic UI components using React.js and Tailwind CSS for forms, charts, and data tables.

Full Stack Developer Intern, AventIQ - Delhi Jun 2025 – December 2025
• Architected scalable full-stack applications using the **MERN stack**, leveraging **React.js** and **Node.js** to deliver high-performance, maintainable web solutions.
• Optimized system performance by designing RESTful APIs in Node.js and MongoDB, utilizing Axios for efficient frontend integration and state management to achieve seamless real-time data

Fullstack Developer Intern, Eduai- Remote Jan 2025 – May 2025
• Developed full-stack web applications using React.js on the frontend and Node.js on the backend, ensuring maintainable system architecture.
• Built dynamic UI components using React.js and Tailwind CSS for custom forms, analytics charts, and data tables.

Projects

MedhaAi – AI powered learning platform
• **Integrated Generative AI Features:** Leveraged Gemini API (flash-2.5) to develop core educational tools, including automated quiz generation and personalized study plans, enhancing student engagement through interactive AI tutoring.
• **Authentication & Secure Data Handling:** Implemented secure user authentication and authorization using JSON Web Tokens (JWT), ensuring protected access to student profiles and encrypted storage of sensitive academic data in MongoDB.

Skills & Technologies

Programming Languages: JavaScript, HTML5, CSS3

Frameworks & Libraries: Reactjs, Nodejs, Express.js, TailwindCSS,

Database & ORM/ODM: MongoDB, SQL

Tools: Git, GitHub, Postman, MongoDB Atlas/Compass

Soft Skills: Communication Skills, Problem-Solving, Team Collaboration, Time Management
